

ESD TAPES

ESD GRID TAPE

- Grid pattern design
- ESD caution logo
- Static-dissipative surface
 - Silicone free
- 4 width options | 40m roll

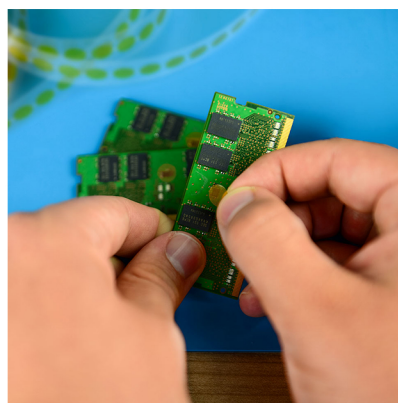

054- Range

HIGH TEMPERATURE MASKING TAPE

- Polyimide, pressure-sensitive
 - Silicone resin adhesive
- High heat & solvent resistance
 - Ideal for protecting PCBs
 - 8 width options | 33m roll

051- Range

HIGH TEMPERATURE MASKING POLYIMIDE DOTS

- Heat resistant up to 230°C
 - Residue-free removal
 - Chemical resistant
- Available in 4 diameters
 - 1,000 dots per roll

053- Range

ESD WARNING PACKAGING TAPE

- Acrylic gum adhesive
 - Black text, ESD logo
- Yellow background colour
- Use for secondary packaging
 - 50mm x 66m roll

054-0002

When it comes to securing ESD-sensitive items, the right material is crucial. ESD tapes are specially designed to prevent static build-up and ensure safe handling. From high-temperature masking tape to ESD warning tapes, they offer various levels of protection suited to different applications.

Choosing the right ESD tape is vital for safeguarding electronic components against static damage! For more information or to discuss your specific requirements, contact our sales team today!
